"Where the Sunny South and Golden West Meet"

"You can not build a reputation on what you are *Going to Do!*"

The success of any undertaking, however good the intentions may be, in order to be successful, must be based upon actual, successful experience, and not merely upon promises or good intentions.

Remember, the Auction Service I offer you is the results of more than TWENTY YEARS of actual, successful experience, during which time some of the most important collections of America were successfully handled by me.

My methods are not based upon guess work. They are the results of a careful life-long study of numismatics from a scientific and not only a commercial standpoint, but from a salesmanship end as well, as is evidenced by my announcement booklets, letters, follow-up system, etc., which has never yet been equalled in this profession.

And with it all—with my record of more than twenty years of success—you have more than ample financial and other security to guard you against loss of any kind.

Therefore, when you think of selling your collection, invest in a two-cent stamp and ask for my terms. You will find it a profitable investment.

Cordially yours,

TERMS OF SALE

PLEASE READ BEFORE BIDDING

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

I CHARGE NO COMMISSION FOR EXECUTING BIDS

Lots sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer $1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalogue. This guarantee holds good indefinitely.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me must send a deposit covering at least 25 per cent of their bids or send satisfactory reference, otherwise they will not be accepted, as I cannot be expected to ship goods to parties whose good standing is not known to me.

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing prices of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, December 9th, 1924.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

B. MAX MEHL.

"At Last!—

A long-felt want supplied—and supplied cheap!"

The above is the text of a little sermon I sent out on November third.

If you received it, you know what I am talking about; if not, here is a brief summary of it:

For many years collectors, especially auction buyers, have seen U. S. Cents catalogued as "Andrew's Number so and so," but have never had a chance to buy a copy of Andrew's book on these cents. There are over 450 varieties of the cents from 1816 to 1857 described in Andrew's, giving you a great field of sport for your Cent Collecting. (Some books on the Cents brought up to $30.00 per copy.)

NOW, to make my story still shorter, I am just reprinting Andrew's book. AND (here is the best part of my story), I am offering this book to you at just $1.00 per copy.

I am not printing these books to see my name in print, but simply to make it easier, more pleasant and much cheaper for you to collect, classify and enjoy the collecting of the large U. S. Cents.

How many copies of the book do you want at just One Dollar per copy?

P. S.—Was a little squeamish about sinking too much money in this venture, so not too many books are being printed.

Here's what just one of the "Sufferers" thinks of my proposition—

He was willing to pay Thirty-five Dollars for a book I am now making it possible for you to get for just *ONE DOLLAR!*

Kansas City Mo.,
November 5, 1924.

Dear Mr. Mehl:

Herewith check for $2.00 for which enter me for two copies of your Andrew's reprint.

You certainly hit the nail on the head when you decided to reprint this exceedingly scarce work. I was the guy who paid $30.00 last Spring for a copy of Daughty, and was prepared to go $35.00 for a copy of Andrew's the first time one showed at auction.

Come on and reprint Hazeltine, Newlin and the rest of them, and give us young collectors a chance to get the standard references without denying the wife a new hat.

Yours sincerely,

(Signed) E. S. THRESHER.
